MEMBERSHIP TYPE

Independent Propane Retailer \$745

Any person, firm, association, partnership or corporation engaged in the retail sale and distribution of propane gas in the State of Ohio only or in Ohio with no more than one plant in another State. Includes membership in the National Propane Gas Association. The NPGA portion of dues is billed based on the number of bulk plants a company has and is due when application is submitted. Dues for one retail location is included in base dues rate.

Retail Location: A retail outlet is defined as a location where propane is stored, transferred and business is conducted with the public (in person or by the phone) or a combination of the above, excluding public refilling locations. **Bulk/Satellite Plant:** Defined as any facility where the primary function is to store LP-Gas prior to further distribution, where LP-Gas is received by cargo tank motor vehicle, railroad tank car, or pipeline, and then distributed by portable container (package) delivery, by cargo tank motor vehicle, or through gas piping. A facility distributing gas through gas piping, such as a community gas system, is exempt from the definition of a "bulk plant" unless the facility is used to transfer product into cargo tank motor vehicles for further discussion.
